

**University of Arkansas Faculty Senate Dental Plan Resolution
Wednesday, September 19, 2001**

The Faculty Senate recommends the University of Arkansas, Fayetteville Administration implement a dental insurance plan giving specific attention to a premium split that would allow the plan to be expedited with the understanding that a 50/50 premium split, if not considered now, be considered at the next budgetary cycle and subsequent cycles. Further, it shall be the charge of Staff Senate and Faculty Senate to work jointly with the University of Arkansas, Fayetteville Administration to facilitate this process in any way necessary.
