In NURS 5112 students must perform comprehensive physical exams. The comprehensive physical exams include both a written portion as well as skills demonstration. Students must earn a 95/100 on the comprehensive head-to-toe physical exam and written portion in order to pass the exams. Students must pass both the skills demonstration and written component before entering the clinical setting. Students are allowed to remediate one (1) time. If students do not pass on the second time, they will not be allowed to progress in the course and will be administratively withdrawn from both NURS 5101 and NURS 5112 as these courses must be taken concomitantly. For purposes of the nursing withdrawal policy, these withdrawals will count as one (1) withdrawal.

Why is the Program
needed if offered at

other institutions?

DNP programs differ in scope. While other programs in the state offer preparation for advanced practice nurses at the master's level, we are only one of two institutions in the state to offer a post-BSN program of study that will lead to the DNP degree with preparation as an advanced practice nurse. The program also affords MSN-prepared nurse practitioners opportunity to pursue the DNP regardless of area of specialty. Many DNP programs offer only the MSN-DNP option. Furthermore, numerous programs are offered online; however, many are not.
