	Select a reason for this modification	Revising an Approved Licensure Program-- (Cover Sheet, Section C)	Making Minor Changes to an Existing Certificate, Degree or Program (including 15 or fewer hours, admission/graduation requirements, Focused Studies or Tracks)
	Effective Catalog Year	Fall 2025	Fall 2026
	Description and justification of the request	Courses were developed to create additional hours for the state required residency for all teacher candidates and other courses were created or updated to reflect current research or evidence-based practice. The changes were require from the Department of Elementary and Secondary Education to comply with the Arkansas Governor's Executive order as part of the Learns Act.	Add CIED 30503 Emerging Adolescent to the program of study in place of CIED 42003 Advanced Seminar. Removed CIED 41203 Literacy Assessment and Intervention and replaced with CIED 41303 Assessment and Instruction. Edited link to Code of Ethics for Arkansas Educators. Admission information updated based on previously approved process/requirements and language clarified to support student understanding. CIED 30503 Emerging Adolescent supports teacher candidates in applying middle school concepts for their K-6 grade licensure program (middle grades includes grades 4-6). Re-arrange existing program of study courses in the sequence due to CIED 30503 needing to be in the third year where CIED 42003 was in the 4th year. CIED 41303 replaces CIED 41203 in the program revisions approved in Spring 2025 but were missed in the previous update because of changes in course numbers.

And since this is a licensure program, it will need UTEB and DESE approval. Workflow adjusted accordingly. lkulcza - Mon, 26 Jan 2026 19:56:15 GMT - Rollback: Despite approval at the UTEB step in workflow, determination made that this proposal was never addressed at a UTEB meeting; rolling back for consideration on their February 2026 agenda. lkulcza - Mon, 23 Feb 2026 16:40:47 GMT - Administratively moving this forward to Faculty Senate, now that UTEB has approved this proposal. See agenda item 5a. on the January 23, 2023, Undergraduate Council agenda. lkulcza - Mon, 23 Feb 2026 22:16:54 GMT - This last approval restores the proposal to the correct step in workflow (approval at January 23, 2026 Undergraduate Council, to be moved directly to Faculty Senate after UTEB approval).
EVMG-M	Effective Catalog Year	Fall 2024	Fall 2026
	Description and justification of the request	Administratively correcting effective date to proper naming conventions. JM 10/04/2024. Changed effective date from 8/15/2024 to Fall 2024.	Remove HOSP 26003, HOSP 37103 and HOSP 46603. Move HOSP 36703 from additional requirements to core requirements. Add HOSP 25303 and HOSP 46403. Add note regarding prerequisites and semester offerings. To maintain the integrity and intended learning outcomes of both the Event and Hospitality Management Minors, we have added this statement. Other colleges are not consistently advising students correctly on the minor requirements, leading to excessive substitutions that undermine their core purpose. The minor is designed to provide a structured and specialized curriculum, ensuring that students gain the necessary knowledge and skills in the designated subject area. Allowing substitutions at the current rate dilutes the value of the program and creates inconsistencies in student learning.

	Description and justification of the request	Administratively correcting effective date to proper naming conventions. JM 10/04/2024. Changed effective date from 8/15/2024 to Fall 2024.	1. Remove Family Financial Management (HDFS 24803) from the HDFS Core.\n\n3. Remove Pre-Internship (HDFS 34801).\n\n4. Add HDFS 34903 – Professional Development in HDFS as a required course.\n\n5. Remove Internship in HDFS (HDFS 44803) from the list of required courses (making it an elective).\n\n The Family Financial Management course was changed a year ago from HDFS 24803 to HDFS 34703. We will be removing this from the core and adding it to the Lifespan in Diverse Contexts Concentration. \n\nThe HDFS faculty identified the required Internship in HDFS (HDFS 44803) as a significant barrier to degree completion for some students, especially online students. For this reason, the Internship course will become an elective, and the Pre-Internship course (HDFS 34801) will be discontinued. To ensure students still gain professional preparation, the Professional Development in HDFS (HDFS 34903) course will be added as a requirement. This course will also serve as a prerequisite for students who choose to complete the Internship.\n\nBy moving Internship in HDFS (HDFS 44803) to elective status and replacing Pre-Internship with Professional Development, students gain flexibility in degree completion while still receiving essential professional preparation.

Remove HDFS 42102/42103 Math and Science for Young Children OR HDFS 42202/HDFS 42203 Creative and Social Experiences for Young Children.\\n3. Add CIED equivalents of HDFS 42102/42103 or HDFS 42203/42202 which will be THREE CIED credit courses.\\n4.. Net effect = concentration will be increased by 2 credit hours (from 15 to 17). Note the core was reduced by 1 credit hour. Resulting in a decrease of 1 credit hour for General Electives.\\n5. Update semester plan to accommodate changes. 1 2. Child Life Specialists routinely work with infants and toddlers in healthcare settings. \\n3. These courses are being reorganized and transferred to CIED as part of the Birth-Kindergarten major restructuring. Rather than requiring specific HDFS course numbers that will no longer exist in their current form, the concentration will incorporate the revised CIED equivalents.\\n4. Concentration increases from 15 to 17 credit hours. Core requirements decreased by 1 credit hour. Concentration increased by 2 credit hours. Net effect: 1 credit hour reduction in General Electives.

Update to remove reference to Fulbright Writing Requirement in top paragraph as this requirement is being removed at the college level. \\n\\nGeneral formatting updates to align with ARSC standards and add clarity. No actual curriculum changes to major.	1. Removing HIST 22003 from the intro course list.\\n1a. Adding newly created HIST 23104/132H4 to the intro course list. \\n2. Moving HIST 22003 (soon to be 33043) to Methods in History\\n3. Removing HIST 49001 from HISTBA as a requirement, reducing total major size by 1 credit hour\\n4. Adjusted additional hours required for the 30 hour rule and the general electives to account for change in level of HIST 22003 (an option in some concentrations) and the removal of HIST 49001. \\n5. General formatting cleanup of cross-listed courses for clarity 1. This course is changing to HIST 33043 and will be moved to another requirement.\\n1a. Expands the range of options for the Foundations requirement and allows students meeting the Honors Interdisciplinary Requirement to apply that HIST course to the HISTBA degree.\\n2. The Department created a slate of elective courses for meeting in Methods in History requirement. The courses must devote 25% or more of their graded outcomes to methodological learning. The HIST 33043 History of Tomorrow course devotes 30% of its graded portion to dedicated training and learning in qualitative methods of research and data collection/analysis. \\n3. Streaming down new curriculum based on student feedback and difficulties staffing this particular 1 hour class. This will allow us to provide a more consistent experience for HIST students as they move forward in our degree plan.\\n4. Accounts for the reduction in size of major and level changes to ensure students still reach 120 total hours and meet the 30 hour residency rule. \\n5. 	Description and justification of the request	Changing high-school GPA requirement for new freshmen from 3.5 to 3.75 for AFLS, ARCH, and COEHP. This brings all college honors programs to a uniform 3.75 high-school GPA requirement. The change has been approved by the three colleges' honors programs and is supported by the Honors College. This change would only have affected 12 students last year.	Change the new freshman requirements for each college to state the following: Minimum 28 ACT composite or 1310 SAT and 3.90 high school GPA are eligible to apply for automatic admission. Students with a 3.95 high school GPA can submit essays and an academic resume for application review. Enrollment Services recently reported that the average high school student entering the university for Fall 2025 was a 3.83. Considering this average GPA figure, each of the six honors programs have agreed to raise their minimum GPA for automatic admission to a 3.90 GPA. The minimum test score for automatic admission, a 28 ACT composite score or 1310 SAT, will remain the same. We expect this GPA to only affect 3-4% of our honors applicants in a given year.

	Description and justification of the request	Administratively correcting effective date to proper naming conventions. JM 10/04/2024. Changed effective date from 8/15/2024 to Fall 2024.	Move NUTR 21103/21101 to options category. Move NUTR 42403 to Core Requirements. Remove NUTR 42103 and NUTR 42203. Add NUTR 42503 to Core Requirements. Add NUTR 42303, NUTR 43003, NUTR 43103, NUTR 44033, NUTR 44031, and NUTR 45003 to options category. Change core requirements to 12 hours total, electives to 6-7 and total hours to 18-19. NUTR-M did not have an appropriate number of graduates each year. It was identified that many students declared human nutrition as a minor but weren't able to finish due to the prerequisites needed to enroll in the requirements or course offering limitations. Changes were made to better reflect a well rounded human nutrition minor that includes more options for increased completion.

	Reviewer Comments		lkulcza - Tue, 06 Jan 2026 23:59:26 GMT - Because proposed updates change the total number of hours required for the minor, this requires full campus approval. lkulcza - Wed, 07 Jan 2026 16:59:58 GMT - Rollback: Although the minor can be completed in 18 hours, citing a range of 18-19 hours seems more appropriate, since NUTR 21103/21101 is now an option in the "Select 6 hours from the following" section, rather than being part of the required courses. Can students take 21103 without enrolling in the lab?

	Description and justification of the request	Changing formatting to current ARSC standards\\n\\nClarifying that if students are going to complete a thesis instead of taking PHIL 49803 that they need to take PHIL 399HV instead. This was always the dept's intention (since the major is listed as 36 hours) but was not clear. \\n\\nUpdating 8 semester plan to remove references to 24-hour rule, which has been removed as a college requirement.	Changing the level of Ancient Greek Philosophy and Modern Philosophy as they will no longer be combined with grad level courses and will be taught at a larger class size to accommodate demand in major. (PHIL 40003 now 30003 and PHIL 40303 now 30303)\\n\\nAdding two new requirements. Students must now take a course about Metaphysics and Epistemology and a course about Value Theory. These requirement each have three course options to choose from. \\n\\nReducing the PHIL electives required from 18 to 12 to keep major the same size. In addition to Logic and the History of Philosophy (for which we already have degree requirements), Metaphysics and Epistemology and Value Theory, are the major subfields of philosophy. We want to ensure that all of our students have at least some coursework devoted to those specific areas. In our opinion, a student is not properly educated in philosophy (i.e., to the level of a BA) if they have not been taught in those areas. While most of our majors take these courses already, we feel that it should be an absolute degree requirement so that such coverage is guaranteed. The department guarantees that the one of the 3 courses in each new distribution will be offered at least once an academic year.

Description and justification of the request	As per recommendation of 2014 ADHE external review, language requirement is being eliminated to reflect best practices in the field, increase student retention and speed degree completion. Advisors will work with students to develop programs needed to acquire specialist knowledge as appropriate	PhD students will have to take an additional history of philosophy course (as certified by our Director of Graduate Studies) beyond the requirement for the MA. In line with the change in the MA history requirement, we wish to reduce redundancy in the PhD students' education in the history of philosophy, while giving them some grounding in historical work at an advanced level.

PLSCBA	Select a reason for this modification	Making Changes that Qualify for a Shortened Approval Process (including 15 or fewer hours within the college, total hours and admission/graduation requirements remain the same)	Making Minor Changes to an Existing Certificate, Degree or Program (including 15 or fewer hours, admission/graduation requirements, Focused Studies or Tracks)
	Effective Catalog Year	Fall 2025	Fall 2026
	Description and justification of the request	Updating body text and 8 semester plan to remove references to the 24-hr Fulbright residency rule and the Fulbright Writing Requirement, are being removed from the college level requirements. This is a shortened process because the actual changes have already gone through CourseLeaf previously. Also updated formatting to current ARSC standards. Updating body text and 8 semester plan to remove references to the 24-hr Fulbright residency rule and the Fulbright Writing Requirement, are being removed from the college level requirements. This is a shortened process because the actual changes have already gone through CourseLeaf previously. Also updated formatting to current ARSC standards.	1. Removing PLSC 41503 and PLSC 49103 as required options in major and replacing with new Capstone course, PLSC 49703. This new course better distinguishes nature of requirement. 2. Updating BUSI 10303 to new course number, ISYS 10303. 1. This better distinguishes nature of requirement. 2. Course number change.
