

## CIM Report Sep 4, 2019 9:12am

### Course Changes Pending Approval from Faculty Senate

Code	Field	Old Value	New Value
ACCT 4753		Inactivated/Deleted	
ACCT 449V		Inactivated/Deleted	
AGEC 4243		Added	
ANTH 1013	Proposed Effective Date	Spring 2018	Fall 2019
	Catalog Description	An introduction to the field of physical anthropology using human evolution as a unifying concept. Areas include human genetics, race, speciation, primate evolution, and human variation and adaptation.	An introduction to the field of biological anthropology using evolution and human variation as unifying concepts. Areas include human genetics, race, speciation, primate and human evolution, and human variation and adaptation.
	Justification	Rebuilding online course, approved.	This is just a minor change to the catalog description of this course to more closely align it with how the course is currently taught (e.g., shift in field terminology from "physical anthropology" to "biological anthropology"). All other information remains the same.
	Reviewer Comments	lkulcza - Mon, 15 May 2017 18:51:02 GMT - Rollback: Returned to submitter for delivery method corrections. agriffin - Fri, 26 May 2017 16:52:49 GMT - Changed effective catalog date from fall 2017 to spring 2018. It is too late to complete the approval process for the fall catalog. tmartin - Tue, 05 Sep 2017 17:56:55 GMT - Rollback: Rolled back for Faculty Senate approval. kjvestal - Thu, 02 Nov 2017 16:30:22 GMT - Removed entry for ONLN to sync data.	agriffin - Tue, 26 Feb 2019 21:29:12 GMT - Effective date of fall 2019 pending successful completion of the approval process.
	Title/Description Change Type		Minor (stylistic/editorial) Change
ANTH 1013H	Proposed Effective Date	Spring 2018	Fall 2019
	Typically Offered	Fall	Fall and Spring
	Catalog Description	An introduction to the field of physical anthropology using human evolution as a unifying concept. Areas include human genetics, race, speciation, primate evolution, and human variation and adaptation.	An introduction to the field of biological anthropology using evolution and human variation as unifying concepts. Areas include human genetics, race, speciation, primate and human evolution, and human variation and adaptation.
	Justification	Updated typically offered field.	This is a minor change in catalog description to align it with ANTH 1013 changes. Mostly this includes small stylistic changes (i.e., change in field terminology from "physical anthropology" to "biological anthropology". All other course content/information stays the same.
	Reviewer Comments		agriffin - Mon, 25 Feb 2019 21:03:29 GMT - Fall 2019 effective date pending successful completion of approval process.
CHEM 1101L	Proposed Effective Date	Fall 2017	Fall 2018

	Justification	Updated typically offered field.	While the first semester lab is recommended, it is not a co-requisite for the Chemistry I lecture. However, it is very important that students taking the lab have the lecture so they understand the concepts explored in the laboratory. When the requirement to take the lab with the lecture was relaxed because of space issues, we accidentally removed the reverse requirement. We have students in grade trouble in the lecture dropping it and trying to stay in the lab, which concerns us. The only change proposed here is to add back the lecture pre- or co-requisite for those taking the lab.

HDFS 2463	allcodes	HDFS 4463	HDFS 2463
	Proposed Effective Date	Spring 2019	Fall 2020

	Course Number	4463	2463
	Justification	<p>This change adds "or BRKD majors" to the prerequisites of this class.</p> <p>This resolves an enrollment issue that came to light during the Spring 2018 semester. The Birth to Kindergarten degree is now a major, rather than a concentration with HDFS. With the current prerequisites for the course, Birth to Kindergarten majors are not allowed to register for this course without instructor consent, despite the fact that this course is required on their degree plan.</p>	<p>This proposed change would alter the number of this course from 4463 to 2463.</p> <p>This change is sought for two reasons. First, changing the level of this course will allow us to propose a strong 2 x 2 program with the Northwest Arkansas Community College. It will permit students seeking an Associates degree in Early Childhood Education to transfer in their 2000 level NWACC administration course and smoothly transition to their final two years in our BRKD teacher licensure program. Currently, NWACC transfer students have to take 4463, despite having taken the NWACC version of the course.</p> <p>This change will also better reflect the level at which the course content is taught.</p> <p>While the faculty feel that the 2000 level better fits the current course content and rigor, they have also made several changes to the proposed syllabus to reflect this move in level. These changes including spending more time on each chapter in the textbook to ensure absorption of the content by potentially younger students.</p>
	Additional Notes	To be effective Spring 2019.	TO BE EFFECTIVE FALL 2020.
	Course Code	HDFS 4463	HDFS 2463
	Syllabus		HDFS 2463 – Syllabus DRAFT.docx
	Reviewer Comments		ac087 - Tue, 12 Mar 2019 16:44:36 GMT - change effective date to fall 2020, level changes must coincide with catalog publication and course will not complete approval process in time.

LARC 5396		Inactivated/Deleted	
MATH 1203	Proposed Effective Date	Summer 2018	Fall 2019

	Prerequisite(s)	<p>a score of at least 80% on the University of Arkansas Preparedness for Algebra exam, or a score of at least 23 on the math component of the ACT exam, or a score of at least 570 on the math component of the new SAT or 540 on the math component of the old SAT.</p> <p>Students who score at least 70% on the University of Arkansas Preparedness for Algebra exam, or at least 19 on the math component of the ACT exam, or at least 510 on the math component of the new SAT or 460 on the math component of the old SAT must also register for MATH 0001L as a corequisite.</p> <p>Students who score below 70% on the University of Arkansas Preparedness for Algebra exam, or below 19 on the math component of the ACT exam, or below 510 on the math component of the new SAT or below 460 on the math component of the old SAT must also register for MATH 0002L as a corequisite.</p>	<p>a score of at least 46 on the Math Placement Test, or a score of at least 23 on the math component of the ACT exam, or a score of at least 570 on the math component of the new SAT or 540 on the math component of the old SAT.</p> <p>Students who score at least 30 on the Math Placement Test, or at least 19 on the math component of the ACT exam, or at least 510 on the math component of the new SAT or 460 on the math component of the old SAT must also register for MATH 0001L as a corequisite.</p> <p>Students who score below 30 on the Math Placement Test, or below 19 on the math component of the ACT exam, or below 510 on the math component of the new SAT or below 460 on the math component of the old SAT must also register for MATH 0002L as a corequisite.</p>
	Justification	Admin correction to typo in first part of prerequisite. Should have been 540 for the score on the old SAT (instead of 500).	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one of the prerequisites only.
	Reviewer Comments		agriffin - Tue, 26 Feb 2019 18:32:07 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 1213	Proposed Effective Date	Fall 2017	Fall 2019
	Prerequisite(s)	<p>MATH 1203 or MATH 1204 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.</p>	<p>MATH 1203 or MATH 1204 with a grade of C or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.</p>
	Justification	Syncing data for offering terms.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one prerequisite only.
	Reviewer Comments		agriffin - Tue, 26 Feb 2019 18:32:34 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 1313	Proposed Effective Date	Summer 2018	Fall 2019
	Prerequisite(s)	<p>a score of at least 70% on the University of Arkansas Preparedness for Algebra exam, or a score of at least 19 on the math component of the ACT exam, or a score of at least 510 on the math component of the new SAT or 460 on the math component of the old SAT.</p> <p>Students who score below 70% on the University of Arkansas Preparedness for Algebra exam, or below 19 on the math component of the ACT exam, or below 510 on the math component of the new SAT or below 460 on the math component of the old SAT must also register for MATH 0131L as a corequisite.</p>	<p>a score of at least 40 on the Math Placement Test, or a score of at least 19 on the math component of the ACT exam, or a score of at least 510 on the math component of the new SAT or 460 on the math component of the old SAT.</p> <p>Students who score below 40 on the Math Placement Test, or below 19 on the math component of the ACT exam, or below 510 on the math component of the new SAT or below 460 on the math component of the old SAT must also register for MATH 0131L as a corequisite.</p>

	Justification	Admin update to placement of Prerequisite to sync with UAConnect. Subsequent admin update to new SAT cutoff score (from 500 to 510), based on state requirements.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes	As a point of clarification, the major updates to the requisites regarding remedial scores and the required one hour lab were effective for spring 2018. The change in cutoff score is effective for summer, hence the summer effective date on this form. We were having difficulties getting the original proposal for requisite updates to sync in CIM.	This is a change in one prerequisite only.
	Reviewer Comments		agriffin - Mon, 25 Feb 2019 21:01:46 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 1514	Proposed Effective Date	Fall 2018	Fall 2019
	Is Course a State Minimum Core Course?	No	Yes
	Prerequisite(s)	MATH 1203 or MATH 1204 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	MATH 1203 or MATH 1204 with a grade of C or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	This course is intended for students who need some extra knowledge in algebra and trigonometry to prepare for a regular calculus course. The course is the first part of a two-course sequence that integrates review material in algebra and trigonometry in a "just-in-time" approach with new calculus concepts. This approach has been implemented at the University of Wisconsin and West Virginia University where a controlled study has measured its effectiveness. Students will still be offered the traditional sequence of precalculus followed by Calculus I.	Correction to change to state minimum math core course; admin update to requisite to accommodate the new math placement test.
	Reviewer Comments	ac087 - Fri, 29 Sep 2017 20:08:41 GMT - Approved at initial, however a follow up discussion regarding the prerequisite and structuring of the prerequisite needs to take place. Will email regarding this. agriffin - Thu, 19 Oct 2017 00:34:51 GMT - Rollback: Please work with faculty member to incorporate student learning outcomes into syllabus as requested by Faculty Senate. jdurdik - Fri, 27 Oct 2017 16:28:26 GMT - Rollback: attach syllabus, please	agriffin - Fri, 12 Apr 2019 14:49:59 GMT - Effective fall 2019 pending successful completion of the approval process.
	Syllabus	MATH 1514.pdf	
	University Core Category		University Core Mathematics
MATH 2043	Proposed Effective Date	Fall 2017	Fall 2019
	Prerequisite(s)	MATH 1203 or MATH 1204 or MATH 1213 or MATH 1284C or MATH 2053 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	MATH 1203 or MATH 1204 or MATH 1213 or MATH 1284C or MATH 2053 with a grade of C or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.

	Justification	Admin update to typically offered and delivery method.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one prerequisite only.
	Reviewer Comments		agriffin - Tue, 26 Feb 2019 18:32:54 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 2053	Proposed Effective Date	Fall 2017	Fall 2019
	Prerequisite(s)	MATH 1203 or MATH 1204 or MATH 1213 or MATH 1284C or MATH 2043 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	MATH 1203 or MATH 1204 or MATH 1213 or MATH 1284C or MATH 2043 with a grade of C or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	Admin update to typically offered and delivery method.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one prerequisite only.
	Reviewer Comments		agriffin - Tue, 26 Feb 2019 18:34:15 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 2183	Proposed Effective Date	Summer 2018	Fall 2019
	Prerequisite(s)	MATH 1203, MATH 1204, or MATH 1313, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	MATH 1203, MATH 1204, or MATH 1313, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	Updated typically offered field.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one prerequisite only.
	Reviewer Comments		agriffin - Tue, 26 Feb 2019 18:33:19 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 1284C	Proposed Effective Date	Fall 2018	Fall 2019
	Prerequisite(s)	MATH 1203 or MATH 1204 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	MATH 1203 or MATH 1204 with a grade of C or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	Admin update to add corequisite drill component to description. Admin update to typically offered and delivery method.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one prerequisite only.
	Reviewer Comments		agriffin - Tue, 26 Feb 2019 18:33:44 GMT - Fall 2019 effective date pending successful completion of approval process.
MATH 2053C	Proposed Effective Date	Spring 2018	Fall 2019

	Prerequisite(s)	MATH 1203 or MATH 1204 or MATH 1213 or MATH 1284C or MATH 2043 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	MATH 1203 or MATH 1204 or MATH 1213 or MATH 1284C or MATH 2043 with a grade of C or better, or a score of at least 60 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	Admin update to typically offered field.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Additional Notes		This is a change in one prerequisite only.
	Reviewer Comments		agriffin - Mon, 25 Feb 2019 21:02:25 GMT - Fall 2019 effective date pending successful completion of approval process.

RESM 3093	allcodes	RESM 2093	RESM 3093
	Proposed Effective Date	Spring 2018	Fall 2020
	Course Number	2093	3093
	Catalog Title	Inclusive and Special Recreation and Sport	Diversity and Inclusion in Recreation and Sport Management
	Short Course Title	INCLUS SPEC REC AND SPORT	DIVERS INCLUS RECR SPRT MANAGE
	Justification	Admin update to typically offered field.	RESM 2093 is currently combined with RESM 5883. The graduate school has indicated that for undergraduate courses to be combined with graduate courses, the undergraduate course must be at the 3000 or 4000 level. The assignments in this course have been adjusted to reflect the change from a 2000 to 3000 level course (See attached syllabus). The course title was also adjusted to more adequately reflect the content.
	Course Code	RESM 2093	RESM 3093
	Title/Description Change Type		Minor (stylistic/editorial) Change
	Syllabus		New Upper Level RESM 2093 SYLLABUS-.doc

	Reviewer Comments		ac087 - Fri, 12 Apr 2019 22:14:27 GMT - Rollback: course effective date on level and catalog changes must coincide with catalog publication cycle. First possible effective date is Fall 2020.
SCMT 3103		Added	
SPED 6463		Added	
STAT 2303	Proposed Effective Date	Summer 2018	Fall 2019
	Prerequisite(s)	Math 1203 or MATH 1204 each with a grade of C or better, or MATH 1313 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	Math 1203 or MATH 1204 each with a grade of C or better, or MATH 1313 with a grade of C or better, or a score of at least 50 on the Math Placement Test, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	This change allows MATH 1313 as a prerequisite, as an alternative to College Algebra. It enhances the Quantitative Reasoning math pathway by allowing students who need Principles of Statistics to by-pass College Algebra. This should facilitate greater success among our non-STEM students, and give them a better preparation for this and future quantitative-based course work.	The Department of Mathematical Sciences is moving from an in-house placement exam to a nationally-normed placement examination for beginning mathematics courses.
	Syllabus	STAT2303 sample syllabus.pdf	
	Reviewer Comments	agriffin - Tue, 05 Dec 2017 18:00:27 GMT - Changed effective date from spring 2018 to summer 2018. It is too late for the request to complete the approval process for spring implementation. lkulcza - Fri, 30 Mar 2018 21:45:40 GMT - Core and Faculty Senate approvals removed, per Terry Martin, in order to expedite this change.	agriffin - Tue, 26 Feb 2019 18:34:36 GMT - Fall 2019 effective date pending successful completion of approval process.
	Additional Notes		This is a change in one prerequisite only.
WLIT 1113H	Proposed Effective Date	Fall 2017	Summer 2019
	Title/Description Change Type	Minor (stylistic/editorial) Change	
	Prerequisite(s)	Participation in Fulbright College Scholars Program or English ACT score of 28 or above.	Honors standing or English ACT score of 28 or above.
	Justification	Updated typically offered field.	Any honors student should be able to enroll, not just those in the Fulbright honors program.
WLIT 1123H	Proposed Effective Date	Fall 2017	Summer 2019
	Prerequisite(s)	Participation in the Fulbright College Scholars Program or English ACT score of 28 or above.	Honors standing or English ACT score of 28 or above.
	Justification	Updated typically offered field.	Any honors student should be able to enroll, not just those in the Fulbright honors program.
