	Description and justification of the request	Added HIST 1213 History of Beer to elective list | This is a newly developed course that adds a needed diversity of course options in the elective list and is fully supported by the instructor of the course and the BREWCP University Advisory Committee.	Changing list of courses in program. Please note: FDSC 4422/5522 has been requested as a change to current FDSC 2723. It is going through the approval process now.\\n\\nFDSC 2741 is a new course that is also going through approval process. | Several courses are no longer offered. There are also new courses being offered in the department that can be applied to this program.

DSGNMDSIWDS	Effective Catalog Year	Summer 2022	Fall 2024
	Scheduled Program Review Date	See DSGNMDS	2025-2026

	Program Goals and Objectives	See DSGNMDS	While professional architects, landscape architects, and interior designers may pursue professional licensure through accredited baccalaureate degrees, there is a growing demand for expertise and specialized knowledge on emerging and critical issues, extending design education in contemporary settings. The current proposal is a Master of Design Studies degree serving as structure for specific areas of concentration initially including Resiliency Design and Retail and Hospitality Design. Utilizing strengths across the University of Arkansas campus, the M.Des. is a 36 credit hour program that includes 24 hours of core courses and 12 elective credit hours for each concentration. The course offerings are combined with a professional residency to immerse students in these areas of study. This program will prepare graduates to secure leadership positions in architecture and design firms, municipalities, and business settings where advanced knowledge and skills are increasingly required for success.
			Enable graduates to pursue careers grounded in the design, manufacturing, and construction of wood and timber environments and products.
			Enhance state and regional resources and economic development with the advanced study and design of wood and timber environments.
			Develop learning resources in emerging technologies and fabrication processes benefitting individual goals and industry demands.

	Learning Outcomes	See DSGNMDS	Generate comprehensive design solutions to resolve emerging and complex issues within specific domains.
			Identify and apply appropriate design strategies necessary to resolve complex design scenarios in specific sites and in global systems.
			Demonstrate creative problem solving across multiple environmental scales with competing needs and multiple constraints.
			Interpret existing knowledge in a contemporary context for the purpose of generating innovative design solutions.
			Demonstrate the ability to address the cultural, social, political, environmental, and economic aspects of contemporary design contexts.
			Identify through appropriate methods of inquiry emerging and critical issues relative to a range of environmental typologies and scales.
			Articulate the interconnected spatial, environmental, and technical systems that inform design solutions utilizing emerging wood and timber technologies.
			Implement cutting-edge technologies and the production and manufacturing of wood products to create safe and sustainable structures.
			Identify emerging and critical issues in the domain of wood relative to a range of building scales and typologies.
			Generate comprehensive design solutions to resolve emerging and complex issues utilizing timber and wood technologies.
	Description and justification of the request	Updated CIP code. | To be consistent with the overall Master of Design Studies.\\nEach concentration under the degree needs to show an updated CIP code.	We cleaned up the course list table in the CIM block. The hours were not adding up correctly, so we made necessary edits for clarification. | For ease of understanding the catalog copy.
	Reviewer Comments	lkulcza - Tue, 10 Aug 2021 21:05:14 GMT - Rollback: In order to adjust the submission reason to generate the correct (on-campus) workflow. agriffin - Tue, 17 Aug 2021 14:57:03 GMT - Entered program code for goals and SLOs. lkulcza - Sat, 11 Sep 2021 06:52:10 GMT - Are there any implications for changing CIP code effective summer vs. effective fall? agriffin - Mon, 27 Sep 2021 22:34:04 GMT - Doug Miles approved summer effective date for CIP code change. msavin - Tue, 02 Nov 2021 21:24:12 GMT - Rollback: Needs approval from Graduate Council in November calison - Tue, 14 Dec 2021 17:35:09 GMT - Deleted the sum of hours so that the total hours would only appear once.	lkulcza - Mon, 09 Oct 2023 21:58:47 GMT - Updated scheduled program review date, added program goals/learning outcomes. lkulcza - Mon, 09 Oct 2023 21:59:41 GMT - ATTENTION REGISTRAR: Please remove Undergraduate Council from workflow. gdaugher - Tue, 10 Oct 2023 12:10:58 GMT - Removed Undergraduate Council from workflow. lkulcza - Tue, 17 Oct 2023 15:26:29 GMT - Adjusted program review date; DSGNMDS and all concentrations will be reviewed together in 2025-2026.

	Scheduled Program Review Date	2022-2023	2029-2030

	Description and justification of the request	Admin update to department and code change from RHRC to CLRM. | Admin update to department and code change from RHRC to CLRM.	Changing GPA requirement of 3.4 to required that a B or higher is required in courses to earn credit. | To add requirement of a B or higher in the certificate classes to be consistent with requirements in program.
	Reviewer Comments		lkulcza - Tue, 05 Sep 2023 17:43:30 GMT - Updated scheduled program review. ATTENTION REGISTRAR: Please remove the Undergraduate Council from workflow. gdaugher - Tue, 05 Sep 2023 19:00:38 GMT - Undergraduate Council removed from workflow.
EDUC Honors	Effective Catalog Year	Fall 2023	Fall 2024
	Description and justification of the request	Removal of new freshman admission criteria and redirect to Honors College section of catalog | Honors College maintains the most updated admission criteria for new freshmen on their catalog pages. Redirecting to that page ensures that individuals will see the most updated requirements, as criteria have been changing across colleges and test-optional admission criteria have been introduced. Accepting graduate level coursework toward honors course requirements | This has been approved by the COEHP Honors Council and Honors Program Director on a case-by-case basis in the past. Formalizing policy by adding to catalog. PBHL 3723H as substitution for Honors Tutorial | PBHL 3723H is in approval process and has been approved by PBHL program faculty and COEHP Honors Council as an acceptable alternative for the traditional thesis tutorial class. This course will be cross-listed with EXSC 3723H with same objectives and outcomes to better prepare students for conducting research in the field and preparing for research grant applications.	Change of terminology from probation to warning for GPAs between 3.0-3.5 | To avoid confusion with status of academic probation Removal of text regarding removing honors courses when on warning or when dismissed from honors | Policy was not enforced so removing from catalog Addition of PHED 3991H as an option for honors thesis tutorial | Due to split of KINS major into EXSC and PHED, thesis courses were also split into EXSC and PHED versions. Because PHED 3903 already existed as a class and 3901 was not a lab component for that class, the thesis tutorial for this alpha code had to be changed to a different number. Correcting name of 498VH | This course has long been called "Honors Thesis/Project" but this was not reflected in the catalog
	Reviewer Comments	agriffin - Thu, 06 Oct 2022 22:06:02 GMT - PBHL 3723H is currently pending Faculty Senate approval. calison - Wed, 15 Mar 2023 18:43:32 GMT - Minor edit

	Select a reason for this modification	Changing CIP Code of an Existing Certificate or Major--(LON)	Making Minor Changes to an Existing Certificate, Degree or Program (including 15 or fewer hours, admission/graduation requirements, Focused Studies or Tracks)
	Effective Catalog Year	Fall 2023	Fall 2024
	What are the total hours needed to complete the program?	33	30

	Description and justification of the request	Changing CIP code from 31.0505 (Kinesiology and Exercise Science) to 26.0908 (Exercise Physiology and Kinesiology).	We are changing the CIP code from 31.0505 (Kinesiology and Exercise Science) to 26.0908 (Exercise Physiology and Kinesiology). This new CIP code will be more representative of what the degree is academically providing, along with the academic opportunities students are provided; this was unanimously agreed upon and approved by the program faculty. For example, a large proportion of the faculty are conducting research and teaching content specific to exercise physiology. Thus, this change will be more reflective of what is already occurring. There is also a trend nationally for similar programs as this one to use this CIP code.	Moving from 33 hour to 30 hour requirement for degree. Removed research requirement for non-thesis majors. Changed name of 4+1 to Accelerated.	We are moving to align with the Arkansas Department of Higher Education guidelines.

	Description and justification of the request	Removed header	Already supplied on catalog page	Adding an online Finance program using Option 1 of the Financial Management/ Investments Concentration.	Adding a Finance Degree option provides the opportunity to attract a number of students to this major both within and outside the state of Arkansas. This is the only fully-online finance degree program in the state of Arkansas.

	Reason for offering Web-based Program		Over the past 11 years, our Finance Department (with instructional design support from Global Campus) has developed many online courses so that we are currently well prepared to offer our Finance BSBA degree fully online. Our college and university have moved quickly to create a robust online presence. As one of the largest majors on campus, the Finance Department would like to participate in this market space. A recent benchmarking report by Global Campus indicated significant potential demand and minimal competition for an online-only Finance BSBA. The report found that no other schools in Arkansas offer a fully online BSBA in Finance and demand for an online option has increased both regionally and nationally over the past few years. The nearest, top 20 online programs in Finance appear to be at Missouri State University – Springfield, Oklahoma State University, and the University of Memphis. This program will allow the department to serve a broader cross-section of Arkansan students, including those working full-time and non-traditional students. It will also serve as the foundation for the future, giving us the option to recruit professional teaching talent from outside NWA to expand our online course offerings.

	Description and justification of the request	Admin update to remove inactive course. | Admin update to remove inactive course.	The program admission requirements no longer include the submission of GRE scores. | The PLSC faculty unanimously agreed to remove the GRE score submission requirement for our graduate programs. This decision was made after careful consideration of various factors that affect the selection process of our students and the fairness of the admission process.

	Reviewer Comments		lkulcza - Mon, 07 Aug 2023 18:54:58 GMT - Rollback: The proposed changes do not need to be submitted as a reconfiguration--they can be handled via "Making Minor Changes". Please select that reason and re-submit so the workflow will update accordingly to reflect an on-campus approval process. lkulcza - Mon, 21 Aug 2023 23:32:51 GMT - Adjusted effective date from fall 2023 to fall 2024; removed PADM 5813 from the list of "Select two courses from the following", as this course was deleted as of fall 2023; updated next program review. Attention Registrar: Please remove Undergraduate Council from workflow. gdaugher - Tue, 22 Aug 2023 18:24:58 GMT - Undergraduate Council removed from workflow.
PBHLMPH	Effective Catalog Year	Fall 2023	Fall 2024
	Scheduled Program Review Date	2024-2025	2023-2024
	Description and justification of the request	Remove the GRE as a requirement/admission standard for the MPH program.	In order to attract more students to apply to the MPH program, and since the program faculty could not justify keeping the GRE as a standard to review applications, it was voted to waive the GRE requirement for MPH students going forward.	An accelerated program was created for the PBHL-MPH program.	The accelerated program will enable the HHPR department to attract and retain high achieving undergraduates at the UA and produce a more streamlined pipeline to the PBHL-MPH program. removed WES requirement	Per discussions with the programs this was found to not be necessary.
	Reviewer Comments	agriffin - Wed, 18 Jan 2023 20:44:43 GMT - Due to changes to the admissions requirements, this minor program change will require campus approval. gdaugher - Tue, 31 Jan 2023 21:19:29 GMT - Removed Undergraduate Council from workflow.	msganio - Mon, 05 Jun 2023 15:49:05 GMT - clarified language per program requests lkulcza - Mon, 24 Jul 2023 17:13:55 GMT - Hyperlinked courses and updated program review schedule. 	Phone:	56434	56433
	Effective Catalog Year	Fall 2019	Fall 2024
	Scheduled Program Review Date	2019	2026-2027
	Description and justification of the request	Remove from the required core option PLSC 5703 Research Design in Political Science and Public Policy.	In reviewing our curriculum we determined that requiring students to take both PLSC 5703 and 5913 Research Methods in Political Science was redundant. In 5913 Students receive for the first half of the course a significant amount of the information that is provided in 5703.	The program admission requirements no longer include the submission of GRE scores.	The PLSC faculty unanimously agreed to remove the GRE score submission requirement for our graduate programs. This decision was made after careful consideration of various factors that affect the selection process of our students and the fairness of the admission process.

	Reviewer Comments	agriffin - Fri, 21 Sep 2018 20:12:31 GMT - Changed course number in description field from 5702 to 5703 to match justification. agriffin - Fri, 21 Sep 2018 20:36:08 GMT - Rollback: Please change reason for modification as Making Minor Changes. This action will impact the approval workflow where the request will remain on campus for approval. Once the change is made, please save and submit to return the request back to the approval process. Thank you. agriffin - Tue, 25 Sep 2018 14:37:42 GMT - Removed LON since request is considered a minor change with input from submitter. agriffin - Tue, 25 Sep 2018 14:45:50 GMT - Although the courses are in a red box, these are not new requirements for the program. It appears that an administrative update to typically offered field was being conducted at the time the program change was submitted. The only change is the removal of PLSC 5703. rcc003 - Tue, 25 Sep 2018 20:07:59 GMT - Removed parentheses note from PLSC 5193.	lkulcza - Mon, 07 Aug 2023 18:55:40 GMT - Rollback: The proposed changes do not need to be submitted as a reconfiguration--they can be handled via "Making Minor Changes". Please select that reason and re-submit so the workflow will update accordingly to reflect an on-campus approval process. lkulcza - Mon, 21 Aug 2023 23:13:14 GMT - Attention Registrar. WCOB Honors	Effective Catalog Year	Fall 2023	Fall 2024
	Is this program interdisciplinary?	Yes	No
	College(s)/School(s)	ARSC	
	Does this proposal impact any courses from another College/School?	No	Yes

| Description and justification of the request | 1. Increase the maintenance GPA for students in the Walton College Honors Program from 3.5 to 3.75.\\n\\n2. Increased Honors course requirements from 17 to 21 hours for Walton Scholars (students who join the Honors Program on entering the University) and from 9 to 12 hours for Departmental Scholars (students who enter the Honors Program based on academic performance after entering the University.\\n\\n3. Added ACCT 2023H, FINN 2043H as Business Core honors classes.\\n\\n4. Removed the honors foreign language proficiency requirement.\\n\\n5. Added SEVI 4003H to the list of Walton College departmental honors colloquia.\\n\\n6. Changed University Core to State Minimum Core. | 1. The percentage of students in the Walton College Honors Program has increased in recent years and is above the desired level. Increasing the maintenance GPA will make remaining in the honors program more challenging and ensure that only our best students graduate with honors.\\n\\n2. As additional Honors course options have been added to the Walton College Business Core, the number of required hours to qualify for honors has been increased for both Walton Scholars and Departmental Scholars.\\n\\n3. ACCT 2023H and FINN 2043H have been added as Business Core honors classes.\\n\\n4. The foreign language proficiency requirement was removed based on benchmarking information that showed that other peer and aspirant business school honors programs do not have a foreign language requirement. After reflecting carefully on available options, the requirement was removed and students will be encouraged to consider a broader range of opportunities (language, study abroad, other courses) to extend their cultural understanding.\\n\\n5. SEVI 4003H was added as the SEVI Department honors colloquium.\\n\\n6. Updated University Core to State Minimum Core to reflect the current terminology. | Changing the math requirement for Walton Scholars Honors students. Once implemented, the requirement will be that students must attain a score of 26 ACT or 620 SAT or higher on the math portion of these exams and students are required to take MATH 2053, Finite Math in their first semester unless they already have AP/IB/dual credit for the course. | MATH 1203 College Algebra is considered a remedial course in our curriculum and students who need to start in this class would be a better fit under our departmental honors requirements. The semesters that we offer honors sections of courses are based on students having completed MATH 2053 Finite Math in their first semester. It is a pre-req to many courses that they need in the spring. A student who meets the honors admission requirements but has a lower math score would still have the option to complete MATH 1203 College Algebra in the summer prior to their first semester so that they could start in MATH 2053 Finite Math. They could also attempt the math placement exam over the summer to place into MATH 2053 for the fall. What ever the path, this change requires that students be Finite Math ready in their 1st semester in order to start as a Walton Honors Scholar. If they can't meet this requirement, they can still join Honors after their first year as a Departmental Scholar if they meet those requirements. |

| | Reviewer Comments | agriffin - Thu, 01 Dec 2022 16:28:05 GMT - Swapped WCOB courses with BUSI courses to remove the red error box. College is encouraged to review all BUSI courses to confirm the correct classes were selected. agriffin - Thu, 01 Dec 2022 16:50:40 GMT - Changed University Core to State Minimum Core in item 1 of Departmental Scholars. agriffin - Fri, 02 Dec 2022 14:36:57 GMT - Rollback: Rolling back per college's request. calison - Tue, 21 Mar 2023 21:03:06 GMT - Minor edit. | agriffin - Tue, 04 Apr 2023 18:24:50 GMT - Changed SAT score from 600 to 620 to correspond with the Math Placement Criteria, with permission from the college. agriffin - Tue, 04 Apr 2023 18:54:26 GMT - Rollback: Unfortunately, with the impact the change has on MATH 2053, this minor change does not qualify for the shortened approval process. Please change the reason to making minor changes and thus, the effective date will need to change to fall 2024. agriffin - Wed, 05 Apr 2023 20:36:10 GMT - Changed response to the Interdisciplinary question from yes to no. Also changed the Does this proposal impact any courses from another College/School question from no to yes and inserted ARSC, with permission from submitter. gdaugher - Thu, 06 Apr 2023 12:59:46 GMT - Updated HNRC 300VH and HNRC 301VH to HNRC 3001H and HNRC 3011H due to approved course number changes. lkulcza - Fri, 27 Oct 2023 20:03:38 GMT - Updated math test score language to include Math Placement Test per Undergraduate Council recommendation. |
