8-Semester Plan

The Recreation Administration concentration in Recreation and Sport Management is exempt from eight-semester degree plans, because students are recommended to register for [RESM 440V](#) Internship after the completion of their course work, because the recreation agencies have their busiest season in the summer. The following nine-semester plan, however, will guide students who wish to graduate in four years.

Why is the Program
needed if offered at
other institutions?

In the Natural State where there is such an emphasis on recreation and outdoor activities, it is vital for the flagship university to offer a program with a concentration on recreation management. More specifically, it is important for our university—the flagship of the Natural State—to research, author scholarship, and teach students about recreation and the benefits of leisure and recreational activities.

Description and Justification for this request

Description of request

Justification for request

Description of request	Justification for request
The RESMBS is currently one program that offers courses in recreation and sport management. A recreation administration concentration was added. Likewise an additional sports administration concentration will be added.	The addition of concentrations will provide clarity and direction to students that are choosing to work in the recreation or sports management fields.
