Description and Justification for this request

Description of request

Justification for request

Description of request	Justification for request
Concentration added	Like the surveys, the topics requirements presented barriers to students having any sense of coverage in their upper-division coursework. To replace this and to underscore key areas of expertise in the department, we have required students to take 9 hours of coursework in a specific area of focus. This will give students guidance towards how they see their degree and their professional future, and we hope it will give students a clearer path to graduating on time.
