Program Title

Geography: Human Geography Concentration

Program Delivery

Method

On Campus

Is this program interdisciplinary between two or more colleges or schools?

No

Do the proposed changes impact any specific course(s) from another college or school?

No

What are the total 120
hours needed to
complete the
program?

Program Requirements and Description

Requirements

Requirements for a Major in Geography with Human Geography Concentration:

Take 12 credit hours chosen from below:

12

GEOS 3600V Undergraduate Special Problems

GEOS 399HV Honors Course

GEOS 40403 Geography of the Middle East

or GEOS 404H3 Honors Geography of the Middle East

GEOS 40703 Urban Geography

GEOS 4100V Special Problems in Geosciences

GEOS 42303 Geography of Religion & Sacrality

GEOS 42403 Political Geography

GEOS 43803 Hazard & Disaster Assessment, Mitigation, Risk & Policy

or GEOS 438H3	Honors Hazard & Disaster Assessment, Mitigation, Risk & Policy	
GEOS 43903	American Public Lands & Policy	
or GEOS 439H3	Honors American Public Lands & Policy	
GEOS 44903	Geography of Political Violence	
or GEOS 449H3	Honors Geography of Political Violence	
GEOS 46903	Environmental Justice	
GEOS 47803	Geography of Europe	
GEOS 48103	Geography of Eurasia	
Take 6 credit hours of any additional GEOS courses numbered 30000 level or higher		6
Total Hours		18

8-Semester Plan

Eight-Semester Degree Plan for a Bachelor of Science in Geography, Human Geography Concentration

Students enrolling in the eight-semester degree plan should review the Eight-Semester Degree Completion Policy. State minimum core requirements may vary by individual, based on placement and previous credit granted. Once all core requirements are met, students may substitute with general electives in consultation with their academic advisor.

First Year	Units
	Fall/Spring
ENGL 10103 Composition I (ACTS Equivalency = ENGL 1013) (Satisfies General Education Outcome 1.1) ¹	3
Choose 1 (Satisfies General Education Outcome 2.1): ¹	3
MATH 11103 Quantitative Reasoning (ACTS Equivalency = MATH 1113)	
MATH 11003 College Algebra (ACTS Equivalency = MATH 1103)	
or any MATH course numbered higher than MATH 11003	
Choose 1: (meets 1 of 3 Social Science State minimum core requirements) ¹	3
GEOG 11103 Human Geography (ACTS Equivalency = GEOG 1113)	
GEOG 21003 World Regional Geography (ACTS Equivalency = GEOG 2103)	
General Electives ¹	4
ENGL 10203 Composition II (ACTS Equivalency = ENGL 1023) ((Satisfies General Education Outcome 1.2) ¹) ¹	3
Choose 1: (Satisfies General Education Outcome 3.4) ¹	4
GEOL 11103 Physical Geology (ACTS Equivalency = GEOL 1114 Lecture)	
& GEOL 11101 Physical Geology Laboratory (ACTS Equivalency = GEOL 1114 Lab)	
GEOL 11203 Earth Science (ACTS Equivalency = GEOL 1124 Lecture)	
& GEOL 11201 Earth Science Laboratory (ACTS Equivalency = GEOL 1124 Lab)	
GEOS 11504 Introduction to Geology for Science Majors	
Social Science State Minimum Core (Satisfies General Education Outcome 3.3) ¹	3
Social Science State Minimum Core (Satisfies General Education Outcome 5.1) ¹	3
General Electives	3
Year Total:	13 16
Second Year	Units
	Fall/Spring
GEOG Concentration Course	3
Science State Minimum Core with corequisite lab (Satisfies General Education Outcome 3.4) ¹	4
Humanities State Minimum Core (Satisfies General Education Outcomes 3.2 and 4.1) ¹	3
General Electives ¹	6
GEOG Concentration Course	3
U.S. History or Government State Minimum Core (Satisfies General Education Outcome 4.2) ¹	3
Fine Arts State Minimum Core (Satisfies General Education Outcome 3.1) ¹	3
General Electives ¹	6
Year Total:	16 15

Third Year	Units	
	Fall	Spring
GEOS 35403 Geospatial Applications and Information Science	3	
GEOG Concentration Course	3	
Any UA-Fayetteville credit hours numbered at the 30000-level or higher	3	
General Electives ¹	6	
GEOS 40903 History and Philosophy of Geography (Satisfies General Education Outcome 1.2 and 6.1) ¹		3
GEOG Concentration Course		3
Any credit hours numbered at the 30000-level or higher, or any 20000-level credit hours that have a course prerequisite		3
General Electives ¹		6
Year Total:	15	15
Fourth Year	Units	
	Fall	Spring
GEOG Concentration Course	3	
Any credit hours numbered at the 30000-level or higher, or any 20000-level credit hours that have a course prerequisite	3	
GENERAL ELECTIVES Course GENERAL ELECTIVES Not Found ¹		9
GEOS 30003 Course GEOS 30003 Not Found (Or General Elective if took GEOS 35403 in a previous summer)		3
GEOG Concentration Course		3
Any credit hours numbered at the 30000-level or higher, or any 20000-level credit hours that have a course prerequisite		4
General Electives (as needed to reach 120) ¹		5
Year Total:	15	15
Total Units in Sequence:	120	

1

Students must complete the [State Minimum Core](#) and the requirements of their major(s) as outlined in the Catalog of Studies. These courses also fulfill many, if not all, of the [General Education Requirements](#). Please visit these pages in the links provided and consult with your academic advisor when making course selections to fulfill these requirements.

Program Goals and Objectives

Program Goals and Objectives

The Bachelor's of Science degree in Geography gives students the opportunity to learn about the human and physical elements of our world while developing the technical skills to conduct robust scientific analysis.

Learning Outcomes

Learning Outcomes

After graduating with a BS Geography degree, students will have an understanding of the human and physical processes shaping the world today, while also gaining expertise in how to conduct such work in a scientifically verifiable and testable way.

Description and Justification for this request

Description of request	Justification for request
<p>Complete reorganization of the degree from a BA to a BS. See attached before and after document for detailed changes.</p> <p>General change summary:</p> <ol style="list-style-type: none"> Created a common core that all Geography majors will complete, which includes a capstone course that meets GELO 6.1. Creation of 3 equally sized concentrations that offer 	<p>The Geosciences department is proposing changing the undergraduate degree in Geography from a Bachelors of Arts to a Bachelors of Science. There are three primary motivations for doing so. First, this change helps to consolidate the place of the geography degree at Arkansas in the larger universe of STEM fields. Geography is recognized as a discipline that combines the social and physical sciences through the use of spatial analysis and techniques. Second, transitioning to</p>

Description of request	Justification for request
<p>students the opportunity to specialize</p> <p>3. Set the degree up in size to easily pair with other majors/degrees on campus due to having 38 hrs of general electives. (additional information about the changing size of the major: The Geography BS major will be focused on student training in geography and the geosciences more broadly. This emphasis has resulted in the reduction of redundant courses in the major (e.g., rather than both Human Geography and World Regional Geography, students will take only one) and the elimination of the world language requirement in line with other BS degrees in Fulbright College.)</p> <p>4. Updated program goals/objectives and Learning outcomes to reflect the changes to the degree.</p>	<p>a BS degree will bring our program in line with proximate peer institutions, including the University of Kansas, the University of Oklahoma, and Louisiana State University, which all offer BS Geography degrees. Third, the accompanying curriculum revision ensures that undergraduate geography majors have a capstone course in the major and also a clear path to graduation with three newly established concentrations (in human geography, technical geography, and general geography) that allow students to focus their interest across the diverse discipline that is geography. Other proximate peer institutions, including the University of Texas-Austin, also offer concentrations within geography to allow undergraduate students to focus their studies.</p>
