[No longer a viable program.](#)

Submitter:	User ID: patrices	Phone: 5753699
Program Status	Active	
Academic Level	Undergraduate	
Type of proposal	Certificate	
Effective Catalog Year	08152024	
College/School Code	Bumpers College of Agricultural, Food, and Life Sciences (AFLS)	
Department Code	Department of Poultry Science (POSC)	
Program Code	POSCAC	
Degree	Advanced Certificate	
CIP Code	01.0907 - Poultry Science.	
Program Title	Poultry Science Undergraduate Certificate	
Program Delivery Method	On Campus	
Is this program interdisciplinary?		

No

Does this proposal impact any courses from another College/School?

No

What are the total hours needed to complete the program? 28

Program Requirements and Description

Requirements

Requirements for Undergraduate Certificate of Excellence in Poultry Science

Students entering the Certificate of Excellence Program must 1) meet the admission requirements for the University of Arkansas and 2) have completed 90 hours of coursework with a 2.0 or higher from a regionally accredited institution of higher education.

Students who have completed a Bachelor of Science degree may also consider this program. Typical careers include production/processing/allied positions in the poultry industry, graduate studies are also an option.

Program Goals and Objectives

Program Goals and Objectives

This program will help meet our industry stake holder needs with regard to hiring college graduates with poultry experience. This certificate program will be offered to institutions we establish partnerships, which will contribute to the diversity of our academic program and potentially the graduate student pool.

A Certificate of Excellence in Poultry Science is designed to supplement the scientific and technical education of undergraduate and post baccalaureate students. This certificate will prepare students for positions of leadership and responsibility in the expanding fields of production, processing, marketing, and distribution of meat, eggs, and related poultry products. The curriculum also prepares students for career opportunities in specialized areas of poultry nutrition, breeding, genetics, physiology, management, food science, immunology, and disease.

Learning Outcomes

Learning Outcomes

Poultry production and processing expertise

Poultry Industry Career Opportunities

Current poultry research relevant to industry

Certificates will be awarded to students that complete required 29 hours of coursework with a minimum GPA of 2.5.
