Description and justification of the request

Description of specific change	Justification for this change
<p>The PPHEd was reduced from 17 to 9 credit hours. The requirements of PHED 2373 and PHED 2023 were changed from "and" to "or". BIOL 1543, 1541L, 2443, and 2441L were removed, and PBHL 1103 was added.</p>	<p>With a reduced number of faculty, it has become increasingly more complex to offer all PHED courses yearly. This means students that are unable to matriculate through the regular course cycle will potentially add an extra year to their program of study. These changes will insure that students can progress through the program and graduate on time.</p>

Reviewer Comments

Matthew Ganio (msganio) (09/21/22 11:47 am): ATTENTION: this is part of a licensure program - please include UTEB in the approval process.

Alice Griffin (agriffin) (09/22/22 1:32 pm): Although this pre-program curriculum is related to licensure, the submitter stated that the request does not require DESE approval.

Gina Daugherty (gdaugher) (09/23/22 10:57 am): Rollback: Rolled back at request of Director.

Alice Griffin (agriffin) (09/23/22 11:01 am): Although pre-codes remain on campus, I spoke to Matt Ganio and explained that if the request does not require DESE approval, the request will not include UTEB in the workflow. College is encouraged to review and discuss with UTEB if necessary.
