**Approval Path**

1. 04/24/18 3:08 pm  
Jeannine Durdik (jdurdik): Approved for ARSC Dean Initial
2. 05/04/18 2:01 pm  
Alice Griffin (agriffin): Approved for Director of Program

- Assessment and Review
3. 06/27/18 9:19 am  
Karen Turner  
(kvestal): Approved for Registrar Initial
  4. 06/27/18 9:24 am  
Gary Gunderman  
(ggunderm): Approved for Institutional Research
  5. 06/27/18 10:03 am  
Mark Johnson  
(markj): Approved for MASC Chair
  6. 10/11/18 2:14 pm  
Pearl Dowe  
(pkford): Approved for ARSC Curriculum Committee
  7. 10/11/18 2:26 pm  
Jeannine Durdik  
(jdurdik): Approved for ARSC Dean
  8. 10/12/18 12:11 pm  
Miran Kang (kang): Approved for Global Campus
  9. 10/16/18 10:15 am  
Terry Martin  
(tmartin): Approved for Provost Review
  10. 10/29/18 10:48 am  
Alice Griffin  
(agriffin): Approved for University Course and Program Committee

Method

On Campus

Is this program interdisciplinary?

No

Does this proposal impact any courses from another College/School?

No

## Program Requirements and Description

### Requirements

**Requirements for Departmental Honors in Mathematics:** The Departmental Honors Program in Mathematics is designed for the superior student and is intended to help the student develop a more comprehensive view of the nature of mathematics. The program provides a vehicle for the recognition of the achievements of work beyond the usual course of study and earns the student the distinction “Mathematics Scholar *Cum Laude*” at graduation. Higher degree distinctions are recommended only in truly exceptional cases and are based upon the whole of the candidate’s program of honors studies.

**Graduation with honors:** The candidate must satisfy the requirements set forth by the Honors Council. The candidate must also obtain at least a 3.50 grade-point average in CSCE 2004 and all 2000-level or higher MATH/STAT courses required for the degree. In addition, a grade of “D” or “F” in any other course offered by the department disqualifies a student for honors.

Candidates must take 2-4 hours of MATH ~~498V~~ ~~499VH~~ at least one semester before the student's graduating semester. This course will require significant progress toward an honors thesis to be presented and defended before the student’s honors committee. The quality of this paper and its defense, along with the execution of the rest of the student’s honors program and overall academic performance, will be used in determining the distinction between Honors and High Honors.

### Description and justification of the request

Description of specific change	Justification for this change
--------------------------------	-------------------------------

<b>Description of specific change</b>	<b>Justification for this change</b>
Replace MATH 499VH by MATH 498V	MATH 498V is the correct course for the intended purpose, which students have typically used to satisfy the requirement.
