Program Requirements and Description

Requirements

Master of Professional Accounting

The Master of Professional Accounting program provides rigorous preparation at the graduate level for students to achieve success in their chosen professional accounting career path in public practice, industry, or government. The core includes coursework related to accounting professionalism, analytic skillsets, and advanced financial accounting. Students may concentrate in one of three areas: Analytics & Assurance, Taxation, or Corporate Accounting. All concentrations provide opportunity for professional internship credit and lead to qualification for the Certified Public Accounting exam.

Admission Requirements: The program is open to students who have earned a bachelor's degree from an accredited institution and who can present evidence of their ability to do graduate work. In addition, they are expected to have already mastered basic accounting concepts or, demonstrated, with an official GMAT test score, the ability to master accounting concepts taught in the program. International applicants must submit an acceptable TOEFL or IELTS score or complete the Intensive English Language Program (Spring International Language Center) and receive an English proficiency recommendation for admission. Other admissions criteria can be considered on a case by case basis. Students entering the program are expected to have completed undergraduate business and accounting coursework. Prior courses must either have been successfully completed within the five years prior to entry to the program, or the student must provide other evidence of current knowledge in these areas. Otherwise, applicants may be required to repeat or complete selected courses, in addition to their degree coursework. Students from all academic backgrounds are encouraged to apply.

Requirements for the Master of Professional Accounting Degree: Students whose previous studies have fulfilled requirements of the common body of knowledge in business and accounting will be required to complete a minimum of 30 hours of graduate work. The required common body of knowledge in accounting includes introductory taxation, intermediate financial accounting, audit, and accounting information systems. The degree program does not require a thesis or comprehensive exam. Successful completion of a Masters of

Professional Accounting from the University of Arkansas will qualify a student to take relevant professional examinations.

Core Courses

9

<u>ACCT 5123 CORPORATE GOVERNANCE AND PROFESSIONALISM</u>	<u>Course ACCT 5123 CORPORATE GOVERNANCE AND PROFESSIONALISM Not Found</u>
<u>ACCT 5413</u>	Advanced Financial Accounting
<u>ACCT 5523</u>	Advanced Accounting Information Systems

Areas of Concentration

18

ACCT 535V Professional Accounting Internship or General Graduate Business Elective

3

Total Hours

30

To ensure that students acquire the skills necessary for career success, the program strongly encourages all students to obtain additional training directly related to the ACCTMP program prior to graduation. Students are strongly encouraged, but not required, to complete an accounting internship for academic credit, ACCT 535V.

The program considers this training an integral part of the curriculum that allows for the practical application of the theoretical principles taught in accounting courses. If students do not participate in an internship experience, they can utilize three credit hours of general graduate business electives. Electives are chosen by the student in consultation with and approval of the Program Director in the Department of Accounting (ACCT).

With the approval of the Program Director, senior-level (4000+) courses may be taken for graduate credit.

Electives in the concentrations are chosen by the student in consultation with and approval of the ACCTMP Program Director in the Department of Accounting (ACCT). With the approval of the ACCTMP Program Director, senior-level (4000+) courses may be taken for graduate credit.

Students who hold non-immigrant status in the United States in the F-1 or J-1 categories are responsible for coordinating any necessary authorization for employment with the Office of International Students and Scholars (ISS). F-1 and J-1 students are strongly advised to discuss training options with the ISS office early in their program, and to make themselves aware of limitations and restrictions related to F-1 or J-1 employment authorization benefits.

After admission, the student must maintain a 3.00 grade-point average on all graduate coursework and all accounting coursework. Additionally, the student must receive a letter grade of at least a "B" in 75 percent of the courses attempted.

ISYS credits may apply toward the Graduate Certificate in Enterprise Systems. Students should consult the director of the certificate program for eligibility.

Program Costs

Existing resources on campus will be used. Existing faculty in Accounting, Finance, Supply Chain Management, and Information Systems will teach the courses. Except for the new proposed courses, the other courses are already offered on a regular basis.

Marketing and recruiting costs for the program will be supported by the College.

Program Goals and Objectives

Program Goals and Objectives

The Master of Professional Accounting (ACCTMP) provides rigorous preparation at the graduate level for students to achieve success in their chosen professional accounting career path in public practice, industry, or government.

Learning Outcomes

Learning Outcomes

Students will obtain more specialized skills including analytics, soft skills in leadership and professionalism, and the ability to address complex tax issues, technology environments and regulatory reporting requirements. All concentrations provide the opportunity for professional internship credit and lead to qualification for the Certified Public Accounting exam.

Description and Justification for this request

Description of request	Justification for request
<p>A new, 30 hour Masters of Professional Accounting with concentrations in Analytics and Assurance, Taxation, and Corporate Accounting utilizing existing courses within the Master of Accountancy and other Walton programs. One new tax course, ACCT 5853, State and Local Taxation, is being developed.</p>	<p>The ACCTMP is responsive to the shifting skillset and additional demands within the Accounting Profession. More Universities are adapting specialized content into their graduate accounting degrees. Whereas past accounting Master degrees tended to be general in nature, more specialized degree paths and skills are being sought by career entrants. Emerging technology is changing the core ways that the accounting profession is providing services. As a result, new skills that involve data & analytics are needed. Complementing these technical skills, the workplace has increased its emphasis on the development of soft skills, such as leadership and professionalism. The complexity of business environments that accounting professionals face has also increased the demand for richer content, including complex tax issues, technology environments, regulatory reporting requirements among others. The importance of Internships has also increased. We are also seeing a greater number of our students take initial accounting employment outside of traditional public accounting roles.</p>

Reviewer Comments

Pat Koski (pkoski) (08/27/19 4:45 pm): Rollback: I'm not seeing any requirement for a comprehensive exam, which is a Graduate School requirement.

Pat Koski (pkoski) (08/29/19 2:41 pm): Rollback: For your edits. Thank you!

Alice Griffin (agriffin) (09/06/19 3:49 pm): Rollback: Please submit individual CIM blocks for each concentration and adjust the program requirements to reflect only the general requirements with the 18 hours dedicated to concentrations. See email message from 9/6/2019.

Alice Griffin (agriffin) (09/23/19 1:55 pm): Uploaded revised copies of the LOI, Proposal, and

Supporting docs. Also inserted scheduled program review date consistent with AACSB visit.

Alice Griffin (agriffin) (09/25/19 10:15 am): Inserted ACCT 535V Professional Accounting Internship or General Graduate Business Electives into Course list so that students will be able to see the total 30 hours required for program, with permission from submitter.

Lisa Kulczak (lkulcza) (10/01/19 4:22 pm): ACCT 5123 is currently in the approval process with a requested date of spring 2020. A further conversation is needed regarding the program code assigned to this new degree program.

Alice Griffin (agriffin) (10/05/19 10:58 am): Replaced use of MPACC with ACCTMP in all documents in consultation with Registrar's Office and submitter.

Alice Griffin (agriffin) (10/11/19 10:42 am): Uploaded revised Supporting Documentation to include new program code on Workforce Analysis request form.
