Program Requirements and Description

Requirements

The Assurance & Analytics concentration provides students with a foundation for applying technology and analytical methodologies to data-centric accounting environments. Students will be able to navigate data environments, employ analytical tools, and apply them to business decisions and risk analysis.

Core Courses 12

Areas of Concentration 18

Assurance and Analytics Concentration

[ACCT 5433](#) Fraud Prevention and Detection

[ACCT 5463](#) Financial Statement Analysis

[ACCT 5953](#) Auditing Standards

Select 9 hours from the following: *

[ISYS 5213](#) ERP Fundamentals

[ISYS 5223](#) ERP Configuration and Implementation

[ISYS 5233](#) Seminar in ERP Development

[ISYS 5103](#) Data Analytics Fundamentals

[ISYS 5503](#) Decision Support and Analytics

[ISYS 5833](#) Data Management Systems

[ISYS 5843](#) Seminar in Business Intelligence and Knowledge Management

Total Hours 30

*ISYS credits may apply toward the Graduate Certificate in Enterprise Systems. Students should consult with the director of the certificate program for eligibility.

Program Costs

Existing resources on campus will be used. Existing faculty in Accounting, Finance, Supply Chain Management, and Information Systems will teach the courses. Except for the new proposed courses, the other courses are already offered on a regular basis.

Marketing and recruiting costs for the program will be supported by the College.

Description and Justification for this request

Description of request	Justification for request
<p>A new, 30 hour Masters of Professional Accounting with concentrations in Analytics and Assurance, Taxation, and Corporate Accounting utilizing existing courses within the Master of Accountancy and other Walton programs. One new tax course, ACCT 5853, State and Local Taxation, is being developed. This is the Assurance and Analytics concentration proposal.</p>	<p>The ACCTMP is responsive to the shifting skillset and additional demands within the Accounting Profession. More Universities are adapting specialized content into their graduate accounting degrees. Whereas past accounting Master degrees tended to be general in nature, more specialized degree paths and skills are being sought by career entrants. Emerging technology is changing the core ways that the accounting profession is providing services. As a result, new skills that involve data & analytics are needed. Complementing these technical skills, the workplace has increased its emphasis on the development of soft skills, such as leadership and professionalism. The complexity of business environments that accounting professionals face has also increased the demand for richer content, including complex tax issues, technology environments, regulatory reporting requirements among others. The importance of Internships has also increased. We are also seeing a greater number of our students take initial accounting employment outside of traditional public accounting roles.</p>

Reviewer Comments

Alice Griffin (agriffin) (09/23/19 3:28 pm): Removed program goals and learning outcomes to direct individuals to major program of study.

Lisa Kulczak (lkulcza) (10/01/19 4:27 pm): A further conversation is needed regarding the program code assigned to this new degree program.

Lisa Kulczak (lkulcza) (10/02/19 10:41 am): Per further discussion with Karen Boston, decided on ACCTMP as the program code.

Alice Griffin (agriffin) (10/05/19 11:04 am): Replaced MPACC with ACCTMP in justification.
