No

Program Requirements and Description

Requirements

Graduate Certificates (Non-degree)

As defined by the Arkansas **Division Department** of Higher Education, graduate certificate programs consist of 12 to 21 hours of required course work in a focused area of study. The awarding of the certificate will be shown on the student's transcript. Students must meet the admission requirements of the Graduate School and the certificate program. Students who enter a graduate certificate program may use up to six hours of course work taken at another accredited university to meet certificate requirements, with approval of the program faculty and the Graduate School. The Graduate School does not impose a limit on the number of hours that may be shared between graduate certificate programs, but a limit may be set by the program. Students who enter a graduate certificate program must complete all certificate requirements within six years of admission to the program. For students who have been admitted to both a graduate degree program and a graduate certificate program, courses taken to meet the requirements of one may also be used to meet the requirements of the other, at the discretion of the **Graduate Certificate** program and the student's Advisory **Committee for their degree program. Graduate Certificate students must meet, at a minimum, the grade point average requirements of the Graduate School (2.85) although programs may have higher standards.**

Committee:

Graduate students fully admitted to a graduate certificate program are allowed to use 6 hours of credit to count for both an undergraduate degree and a graduate certificate. All requirements of **the this** retroactive graduate credit policy will apply and a transcript notation will note that **the the** courses may not be used to fulfill requirements for a graduate degree. See the [list of Graduate Certificates](#) offered.

Description and justification of the request

Description of specific change	Justification for this change
Adding 2.85 GPA requirement to Graduate Certificate Programs	Graduate Certificate students, in order to graduate with their certificate, have long been required to meet the Graduate School's minimum GPA (2.85) but it has never been explicitly spelled out in the catalog.
