Program Requirements and Description

Requirements

For students interested in obtaining both the M.B.A. (Executive M.B.A. concentration only) and Doctor of Nursing Practice (D.N.P.) degrees, the D.N.P./M.B.A. dual degree program is available. This program allows the student to receive both the M.B.A. degree and the D.N.P. degree. The program requires separate application and admission to both the D.N.P. program and the Executive M.B.A. program. Interested students should obtain bulletins and applications from both the Graduate School and the Graduate School of Business. If the student is accepted into both degree programs, a maximum of six hours of approved D.N.P. core courses may be used as duplicate credit toward the M.B.A. degree. These six hours of D.N.P. core courses shall be applied to the 6 hours of career track courses within the Executive M.B.A. curriculum plan. Likewise, a maximum of 12 hours of

approved Executive M.B.A. core courses may be used as duplicate credit toward the D.N.P. degree, thus reducing the total time necessary for the completion of both degrees.

Description and Justification for this request

Description of request	Justification for request
This policy formalizes a dual degree plan between Walton College and the College of Education and Health Professions. It does not alter the MBA degree requirements.	Dual degree partnership to facilitate leadership and business training for students pursuing the Doctor of Nursing Practice degree.
