## Program Requirements and Description

---

### Requirements

**Areas of Concentrations:** Agricultural Policy, Community Development and Recreation Policy, Education Policy, Family Policy, Health Policy, Policy Studies in Aging, Public Policy Management. (Other areas of concentration are possible. Contact us for more information.)

**Admission Requirements for Degree Program:** Applicants must have a master's degree **or equivalent** completed prior to beginning the doctoral program. The master's degree should be relevant to the policy area of their concentration. For example, students with a master's in geology might enter the agriculture policy concentration but not the family policy concentration. If students enroll in classes designated to address deficiencies, they may enter a concentration outside of their master's area. These decisions will be made by the program faculty. An application should include identification of the applicant's objectives and supportive background information including three letters of recommendation evaluating the applicant's ability to successfully pursue a Ph.D. A GPA of at least a 3.20 on a 4-point scale for all graduate course work is required. Scores from the verbal and quantitative portions of the Graduate Record Examination (GRE) must be submitted. GRE scores may not be more than five years old. Admission is competitive and based on the specialization and availability of an appropriate faculty mentor. Two students with identical packets may receive different decisions.

**Requirements for the Doctor of Philosophy Degree:** In addition to the general requirements of the Graduate School, the doctoral program consists of a minimum of 65 hours including:

## Total Hours

After completing approximately two years of graduate study, and at least one year before completing all other requirements, the prospective candidate must take candidacy examinations covering core and concentration studies as well as research methods. The examinations will be both written and oral. After having been admitted to candidacy, students will be required to successfully defend a dissertation proposal in front of their dissertation committee. All students must demonstrate a capacity for research by writing an original dissertation on a topic in their area of concentration. The student's final examination will be an oral defense of the dissertation.

Students should also be aware that the program in public policy has a residency policy. Students shall have met the residency requirement in the public policy Ph.D. program if they make satisfactory progress including positive residency evaluations in their annual review.

Students should also be aware of Graduate School requirements with regard to [doctoral degrees](#).

Program Goals and

Objectives

**Program Goals and Objectives**

**The program will produce public policy scholars who are capable of making significant contributions to public policy knowledge. The program will produce public policy scholars and practitioners who are capable of conducting and directing high-quality independent research. The program will produce leaders who are able to influence public policy issues at the local, state, and national levels. Existing program**

Learning Outcomes

**Learning Outcomes**

**Learning Outcomes**

**Students near the end of their coursework should be able to:**

- (1) conduct research in a collaborative (or team) setting that will inform some aspect of policy making on a community issue;**
- (2) apply policy recommendations to a real world problem or issue;**
- (3) demonstrate that they have the requisite policy core, specialization, and methods skills necessary to progress to the dissertation stage;**
- (4) demonstrate the ability to do independent research;**
- (5) expand upon or “test” public policy and/or specialization area theories;**
- (6) contribute to new scholarly/academic knowledge; and**
- (7) contribute to policy relevant knowledge. Existing program**

Description and justification of the request

<b>Description of specific change</b>	<b>Justification for this change</b>
<p>We added the phrase "or equivalent" after the requirement of a master's degree, for admission to the program. Other degrees, such as a JD, might also be appropriate.</p>	<p>For some concentrations, an MD degree or a JD degree (for example) might be as appropriate as a master's degree, for indicating a student's preparation for the degree.</p>
