Description and Justification for this request

Description of request	Justification for request
We are proposing to add a concentration in social justice to the Public Policy Ph.D. program.	We believe that this will attract additional students and is also consistent with the mission of the program. We will use existing PUBP courses as well as courses offered in this area by participating departments. Faculty who will be involved are already PUBP faculty. Library resources already exist for other programs on campus and for the PUBPPH program.
