15. Registrar Final
16. Catalog Editor Final

Request Type Establishment of Administrative Unit (Center, Division or Institute not offering primary faculty appointments or certificate/degree programs)--(LON 2)

Title Arkansas Humanities Center

Include justification and any necessary catalog text changes in the box below.

The Humanities Program in the J. William Fulbright College of Arts and Sciences would like to reorganize as the Arkansas Humanities Center. Center status is more appropriate to its current functions, which is to be a hub for humanistic scholarship and inquiry. Center status reflects the unit's role to provide support and incentives for collaborative research and teaching, professionalization workshops centered on grants, research, and teaching, and to engage the wider state in dialogues on salient humanities topics in their communities, e.g. citizenship, cultural heritage, public history, migration. Center status will also position the unit to seek federal funds to build capacity and infrastructure.
