Are Similar Programs available in the area?

Yes ~~No~~

List institutions in Arkansas offering similar programs

There are no other Arkansas schools offering a Bachelor of Music with a Jazz Track as we plan to do. A few others, such as UA Fort Smith and UA Monticello offer a B.A. in Music with a Jazz Concentration.

Why is the Program needed if offered at other institutions?

The Jazz Track in the Wind, Brass, and Percussion Concentration will further establish the University of Arkansas Music Department as a leader in the range and quality of its music offerings, and its commitment to American music. Four recent faculty hires have a jazz specialty. Along with two other jazz faculty, our department has become an excellent institution at which students can study jazz, and enables us to offer a Bachelor of Music degree unlike other Arkansas schools which offer a B.A. Our jazz offerings have grown in the past two years, and we can channel our new strength into this jazz track. Along with the fabulous jazz performers on our faculty, our department is the only one in Arkansas that has a music theorist and a music historian whose research specialties are in jazz. We are therefore prepared to offer a well-rounded jazz education that should be very attractive to prospective and current students.

Jazz Track - This program includes largely the same common core courses of other Bachelor of Music performance degree programs and has the shared objectives of musical literacy, development of aural skills, understanding of a broad repertoire, attainment of analytical skills, and understanding of music history. Uniquely, this program seeks to develop a high level of competency in jazz voice performance, and in improvisation, composition and arranging skills. It also strives to prepare individuals to analyze jazz music and understand the literature and historical and cultural context of jazz.

Description and justification of the request

Description of specific change	Justification for this change
<p>1. Addition of a Performance Track and a Jazz Track to the Woodwinds, Brass, and Percussion Performance Concentration.</p>	<p>1. The addition of a jazz track for the Bachelor of Music degree will play a significant role in the growth of the Music Department and the University's strategic plan to enrich campus diversity and inclusion. By complementing our existing programs based largely in the European art music tradition with a broader range of course offerings on the African American-based jazz idiom, this new track and the courses that support it will enhance our department's capacity to both recruit a student body with a greater diversity of musical and cultural backgrounds and to educate all our students on a wider range of musical possibilities and forms of expression. The proposed jazz track will also open new career pathways to our students; they will have opportunities to pursue jazz-related careers and a variety of other options, as musical skills like improvisation and arranging that are central to the proposed curriculum translate easily from jazz to numerous popular music contexts, including rock, rhythm and blues, hip hop, country, bluegrass, film, and television music.</p> <p>2. Creating the Performance Track allows us to have two Tracks (Performance and Jazz)</p>
<p>Added the following new courses MUHS 3503, MUAC 3401, MUTH 3733, MUAC 3411, MUAC 4401, MUTH 3742, MUAC 4411, and MUPD 3883 as an</p>	<p>See the detailed justification above.</p>
