Reason for offering
Web-based Program
The target population for this degree is working professional Registered Nurses with competing demands.
This population typified the non-traditional student and the focus of the educational progression of working
professionals. To increase access to education, we want to offer it on-line to increase enrollment of such
working professionals.

Estimated Student Demand for Program	20
Scheduled Program Review Date	**2021-2022** ~~2021~~
Program Goals and Objectives	

Program Goals and Objectives
Graduates are prepared to function independently or in a collaborative role on an interdisciplinary team as change agents to affect nursing education.

Learning Outcomes

Learning Outcomes
The Nurse Educator Core and specialty development courses prepare Nurse Educator students to assume roles in various educational settings. The Thesis or Research Project allows students to contribute to new knowledge in nursing through original research, replication studies, dissemination efforts, and utilization projects. The thesis or scholarly project requirement also prepares graduates for further study in a doctoral program.

Description and justification of the request

Description of specific change	**Justification for this change**
Courses are being added and deleted from the list of requirements. Concentration changes were made to align the Nurse Educator concentration with the Nurse Executive Leader concentration and decrease unnecessary concentration redundancies. ~~Changed title to conform with other concentration titles~~
