	Catalog Title	Honors AMPD Virtual Las Vegas Pre-Study Tour	Honors AMPD Regional Pre-Study Tour
	Short Course Title	HON AMPD VIRT LV PRE-STDY TOUR	HON AMPD REG PRE-STDY TOUR
	Catalog Description	Course examines the buying function of apparel by exploring facets of technology currently being used in the fashion industry. Students will be digitally exposed to assortment planning, budgeting, open-to-buy, and the visual merchandising aspects of apparel retailing. Aspects of the MAGIC trade show held in Las Vegas will be discussed and analyzed. MAGIC is the most comprehensive fashion trade show in the U.S. for apparel, accessories, footwear, and sourcing materials. This course is a pre-requisite for AMPD 4962. This course is only offered to AMPD majors.	This course prepares students for the regional study tours and examines the functions of the apparel industry including but not limited to corporate retailing, production facilities, technology, and trade shows . The focus of this course will change depending on the regional location of study tours. This course will have an additional program fee for travel expenses. This course is a pre-requisite for AMPD 49602. This course is only offered to AMPD majors.
	Justification	administratively adding per non-honors CIM request.	The change to AMPD Regional Study Tour will allow students to participate in regional lower cost options of study tours and still give on-site experience. The regional destinations include but are not limited to: Bentonville, AR; Little Rock, AR; Nashville, TN; Dallas, TX. The current VIRTUAL study tour was designed during COVID and it not sustainable for vendors.

	Course Delivery Method	On campus Off campus	On campus
	Off Campus Delivery	Online/Web-based	
	Credit Hours	2	3

	Justification		In the MAT program, we want to eliminate a summer course, CIED 5013 Measurement, Research, and Statistics to reduce the number of summer classes for students but embed the content in our three 2-hour courses. CIED 5023 Classroom Management Concepts is one of those courses. Also 2-hour classes are being eliminated to make faculty workloads across classes be the same percentage of work. Importantly, the course content and layout is conducive to increased meeting time, thus an increase in the credit hours earned.

	Catalog Description	Provides laboratory experiences for CIED 51703 (Literacy Assessment and Intervention).	The purpose of this course is to introduce the teacher candidate to the concept of action research in the classroom through the development of an action research proposal that upon approval will be implemented in CIED 50703 Action Research in Elementary Education.

	Justification		In the MAT program, we want to eliminate a summer course, CIED 5013 Measurement, Research, and Statistics to reduce the number of summer classes for students but embed the content in our three 2-hour courses. CIED 5162 Applied Practicum is one of those courses. This catalog description of this course was also changed to reflect the course content including the summer course information appropriate for the new updated description. Also 2-hour classes are being eliminated to make faculty workloads across classes be the same percentage of work. Importantly, the course content and layout is conducive to increased meeting time, thus an increase in the credit hours earned.

	Prerequisite(s)	Junior standing and consent.	FDSC 34301, Junior standing and consent.

	Justification		We are changing the requirements of our internship courses. We are going to have 3 courses to meet the internship requirement. FDSC 43101 will be the actual internship completed by the student, this course exists and is currently in modification stage. FDSC 47201 Professional Development for Food Science and FDSC43202 Food Science Internship Assessment and Career Planning have both been requested as new courses. Each course will contribute to the 3 hour internship requirement for the program. I have uploaded the syllabi for all three courses. The professional Development course will primarily be taken in Sophomore year. While the other two can be taken at the same time (no pre or co requisite), our idea was for the internship to be taken junior year and the assessment be taken senior year.

	Proposed Effective Date	Fall 2024	Spring 2025
	Course Number	24803	34703
	Prerequisite(s)	HDFS 24103 or HDFS 241H3.	(HDFS 24103 or HDFS 241H3), and must be an HDFSBS or CATEBS-FCSE major.

	Justification		Two changes are being proposed. First, the course is being changed from a lower-level course to a higher-level course (HDFS 24803 to HDFS 34703). The justification for this change is the increased rigor of the course is needed for HDFS students to be more successful. The second proposal is to add "HDFS Majors Only" to the pre-requisites. The justification for this proposed change is to accommodate more rigorous academic assignments that are being developed for this course.
